

## *APPENDIX A*

### A. PREPARERS

Melissa Siders, Wildlife Biologist

Mary Lou Zimmerman, Ecologist

Holly Beck, Biological Technician (Vegetation)

Amber Hughes, Biological Technician (Weeds)

Sue Goheen, Soils Scientist

### B. ACKNOWLEDGEMENTS

We wish to thank Heather Reading of the North Kaibab Ranger District for gathering much of the original information on woodland restoration. We also wish to thank all the individuals who helped us along the way. Especially those who participated in our various field trips and the wonderful discussions that were such an integral part of our thought process.
